TERMS OF SALE

EXTRA BULBS — You may select additional to your order, BULBS of your own choice as follows: On orders from $2.00 to $5.00 select bulbs to the value of 10% of your order. From $5.00 to $25.00 select 15%; from $25.00 to $50.00 select 20%; and above $50.00 select 25%. These extra bulbs are not given on SPECIAL COLLECTIONS.

Get your friends and neighbors to combine their orders with yours and send it as one order. The total amount, being greater than that of a single order, more extra bulbs will be available which can be divided with your friends.

VARIETIES IN THIS LIST ARE OFFERED SUBJECT TO PRIOR SALE and quotations are for cash with order. However, 25% payment with order will reserve for delivery until April 15th, balance to be paid before shipment or by C. O. D.

It is advisable to name a second choice in your order, so if the first cannot be had, your second selection may be supplied. I do not substitute, but will return your money if sold out of a variety, unless advised otherwise. Bulbs are of the best quality and free from disease. I use great care to prevent mixtures, for it is my intention to keep each variety TRUE TO NAME. However, should any error occur, advise me as soon as it is discovered and the matter will be promptly and cheerfully adjusted to your complete satisfaction.

All orders will be sent postpaid, except C. O. D. and quantity shipments, which will travel at customer's expense. And full cultural directions will accompany each order. The bulbs will be packed and delivered for transportation with the greatest care. I cannot assume the responsibility for damage during transit. In any such instance, a claim should be made to the carrier.

Remit by Postal Money Order, Bank Draft, or Certified Check. If your order comes from outside the United States, please remit by draft drawn on a New York Bank or by an International Order made out in American Money. Postage stamps cannot be accepted as cash. 

PLEASE DO NOT SEND AN ORDER FOR LESS THAN $1.00. I appreciate small orders, but on those for less than the above amount I lose money.

WOOD LABELS

Wood labels are indispensable to gardeners who keep accurate records of their plantings. Pot labels are useful in seed flats, seed beds, or flower pots. Wired labels are valuable for tagging seedlings and rogués, or to label individual plants, flowers or shrubs. Each type of label is made in two styles, plain and painted. The painted labels have one side painted to receive the notations, etc., which may be made with waterproof ink or with a soft lead pencil.

GARDEN STAKES

These are approximately ½" thick, 1½" wide, and 15" long. Each stake is dipped in the best grade of white paint. I use these stakes in my commercial plantings and have found them very satisfactory. The desired notations are made in the paint with a soft lead pencil and will be legible for several years. These stakes are useful to mark the rows of garden plantings, or to maintain the identity of large perennial border plants, shrubs, etc. They are most attractive and add an atmosphere of order and dignity to plantings in which they are used.
Odin (G.) Deep salmon pink with bright carmine blotch. A fine early blooming variety...

Orange Glory (G.) Light orange with carmine throat blotch. Creamy white lines through lower petals.

Netherland Prince (P.-G.) Bright salmon orange. Strong grower, producing tall spikes of enormous flowers.

Muriel (G.) Light lavender with deeper lavender blotches. Good cut flower and well liked.

The Collection $1.25

STANDARD COLLECTION. This is a mixture of commercial varieties and the accidental “spills” that are bound to happen. The separate varieties are not labeled. These bulbs will produce a good 1%$ 1.10; 50c for $1.75.

PREFERRED COLLECTION. An assortment of special varieties that appear in my list, but the separate varieties are not labeled. If you are partial to any color, mention it to me and I shall make the selection so that varieties producing flowers of the stated color will predominate. These bulbs are labeled: 1$ 1.00, 50c for $1.75.
Foreword

As this is presented I desire to thank my customers for their patronage in past years. And I acknowledge the testimonials of the success attained with bulbs that were purchased from me. These expressions of goodwill are appreciated. And it is my intention to merit continued support by supplying products of superior quality, accompanied by courteous and efficient service.

To meet business conditions my usual illustrated book is replaced by this "RECONSTRUCTION" list. And bulb prices have been materially reduced. To those who formerly regarded as expensive, may now be obtained for a very modest sum. As a result my customers are enabled to continue in the joy of their "Glad fascinations", and also,

My offerings are again classified under their recognized types, i. e., the Grandiflorus, the Primulinus, and the Primulinus-Grandiflorus. And after the name of each variety is stated in abbreviation, its type. The Grandiflorus type comprises the large flowered sorts with widely opened flowers produced on heavy, thick stems. To the Primulinus type belong the smaller flowered varieties, of extremely delicate colors, the wavy and frilly sorts. The Primulinus-Grandiflorus type combines the large size and dignity of the Grandiflorus with the graceful growth and beauty of the Primulinus.

Prices quoted are for retail orders. If some varieties are desired in quantity, advise me and I shall quote quantity prices. Should you require sorts that I do not list—let me hear from you regarding them and I shall try to secure them for you.
